Sterling Construction Company, Inc.

Sterling, a Delaware corporation, is a construction company that specializes in heavy civil infrastructure construction and rehabilitation, construction site excavation and improvement, and residential construction projects, primarily across the southern United States, the Rocky Mountain states, California and Hawaii. Heavy civil construction projects include highways, roads, bridges, airfields, ports, light rail, water, wastewater and storm drainage systems, foundations for multi-family homes, commercial concrete projects and parking structures. Site excavation and improvement entails construction site preparation primarily in the Southeast region of the United States for blue-chip customers in the distribution center, warehousing, e-commerce, data center, big box retail and energy sectors, as well as other growing end markets. Residential construction projects include concrete foundations for single-family homes in Texas.
