Sterling Construction Schedules 2019 Fourth Quarter and Full Year Release and Conference Call

THE WOODLANDS, TX – February 24 , 2020 – Sterling Construction Company, Inc. (NasdaqGS: STRL) (“Sterling” or “the Company”) today announced that it plans to issue its financial results for the fourth quarter and full year 2019 on Monday, March 2, 2020 after the stock market closes.

Sterling’s management will host a conference call on Tuesday, March 3, 2020, at 9:00 am ET/8:00 am CT to discuss the 2019 fourth quarter and full year results, as well as the 2020 outlook. Interested parties may participate in the call by dialing (201) 493-6744 or (877) 445-9755. Please call in ten minutes before the conference call is scheduled to begin and ask for the Sterling Construction call. To coincide with the conference call, Sterling will post a slide presentation at www.strlco.com on the Investor Presentations & Webcast section of the Investor Relations tab. Following management’s opening remarks, there will be a question and answer session. Questions may be asked during the live call, or alternatively, you may e-mail questions in advance to Brigette.Wilcox@strlco.com.

To listen to a simultaneous webcast of the call, please go to the Company’s website at www.strlco.com at least fifteen minutes early to download and install any necessary audio software. If you are unable to listen live, the conference call webcast will be archived on the Company’s website for thirty days.

Sterling Construction Company, Inc.

Sterling, a Delaware corporation, is a construction company that specializes in heavy civil infrastructure construction and rehabilitation, construction site excavation and improvement, and residential construction projects, primarily across the southern United States, the Rocky Mountain states, California and Hawaii. Heavy civil construction projects include highways, roads, bridges, airfields, ports, light rail, water, wastewater and storm drainage systems, foundations for multi-family homes, commercial concrete projects and parking structures. Site excavation and improvement entails construction site preparation primarily in the Southeast region of the United States for blue-chip customers in the distribution center, warehousing, e-commerce, data center, big box retail and energy sectors, as well as other growing end markets. Residential construction projects include concrete foundations for single-family homes in Texas.
